

Focus

Zara has a question about animals.

She has done an investigation to find the answer.

Here are her results shown as a tally chart.

	bird	spider	cat	ant
animal				
Tally	III	I	I	IIII

1 Fill in the block graph.

Sam has a pet cat. He used bricks to measure how the cat grows.

You can see the results in the block graph.

Numbers of bricks tall	6						
	5						
	4						
	3						
	2						
	1						
		2 months	4 months	6 months	8 months	10 months	12 months

3 a How many bricks tall was the cat after 4 months? _____

b How many bricks tall was the cat after 8 months? _____

c Sam forgot to measure the cat at 6 months.

Look at the pattern in the results.

How many bricks tall do you think the cat was at 6 months?

d Why does the cat stop growing bigger after 10 months?

These are the three types of fingerprints.

- 3 Look at the fingerprints of these children.
Write their names in the correct place in the table.

Sofia	Arun	Zara	Marcus	Leah
				
Fingerprint	Loop	Whorl	Arch	
Names
